Alcatel OmniMobility

Alcatel Mobile 100 Reflexes™

Designed to suit the requirements of employees who are sometimes away from their desks, the Alcatel Mobile100 Reflexes™ DECT* handset is a convenient and practical solution for the mobility needs of most companies today.

Alcatel Mobile 100 Reflexes™ provides, in varying business environments, the ease of use, convenience and ergonomic design associated with cellular telephony.

Offering access to all the added value services of Alcatel solutions (such as multiline management, dial-by-name, etc.) Alcatel Mobile 100 Reflexes™ is a compact and light-weight terminal.

Alcatel Mobile 100 Reflexes™ features a unique user interface with a large screen for easily readable text and graphics, as well as allowing simultaneous display of the most frequently used features and multiple call management. The unique 5-function DriveKey™, covering 95% of navigation needs, facilitates operation and saves time, while the loudspeaker and headset connection provide further functionality.

You will benefit from digital communication including interference-free acoustic quality and coded transmission for secure communication.

** DECT: Digital Enhanced Cordless
Telecommunications.*
